

SPOKEN TUTORIAL COURSES UNDER MOOC

The Spoken Tutorial Project comes under National Mission on Education through ICT, funded by Ministry of HRD, Govt. of India. Spoken Tutorial is about teaching and learning a particular FOSS (Free and Open Source Software) and covers many useful IT topics, such as Basic IT Literacy, Tux Typing, K Turtle, C, C++, Java, PHP, Linux, Scilab, Python, Open FOAM, PERL, Ruby, Libre Office, Blender, GeoGebra, Jmol, GChemPaint and Inkscape. There are about 630 original spoken tutorials, created in English. These videos are dubbed into all 22 Indian languages.

Students can participate in these trainings through their departmental coordinators on spoken tutorial website (www.spoken-tutorial.org), Where they can download spoken tutorials free of cost and can see the list of courses offered ([Click Here](#)) . Current status of all the training/workshops conducted in the Integral University campus and list of successful participants can be seen on below links.
