# Library Management System

**A Library Management System is a system which:**

# Library Management System

A Library Management System is a system which:

- manages the issuing and returning of books

# Library Management System

**A Library Management System is a system which:**

- manages the issuing and returning of books
- **manages the users of the library**

# Objectives

The use of such a system helps:

# Objectives

The use of such a system helps:

- **The librarian to manage the books in the library easily**

# Objectives

The use of such a system helps:

- The librarian to manage the books in the library easily
- **To maintain membership information on one centralized server**

# Objectives

The use of such a system helps:

- The librarian to manage the books in the library easily
- To maintain membership information on one centralized server
- **To save time and resources**

# Objectives

The use of such a system helps:

- The librarian to manage the books in the library easily
- To maintain membership information on one centralized server
- To save time and resources
- **To reduce the workload**

# What you will learn?

**At the end of this series, you will be able to:**

# What you will learn?

At the end of this series, you will be able to:

- **Create this simple Library Management System**

# What you will learn?

At the end of this series, you will be able to:

- Create this simple **Library Management System**
- **Add more functionalities to it like searching for a book**

# What you will learn?

# What you will learn?

- **We will be using JSP and Servlets to build the web application**

# What you will learn?

- We will be using **JSP and Servlets** to build the web application
- You will learn the **MVC** architecture in detail

# What you will learn?

- We will be using **JSP and Servlets** to build the web application
- You will learn the **MVC architecture** in detail
- **You will be able to develop any web application which follows the MVC pattern**

# About the Spoken Tutorial Project

- Watch the video available at [http://spoken-tutorial.org/What\\_is\\_a\\_Spoken\\_Tutorial](http://spoken-tutorial.org/What_is_a_Spoken_Tutorial)
- It summarises the Spoken Tutorial project

# About the Spoken Tutorial Project

- Watch the video available at [http://spoken-tutorial.org/What\\_is\\_a\\_Spoken\\_Tutorial](http://spoken-tutorial.org/What_is_a_Spoken_Tutorial)
- It summarises the Spoken Tutorial project
- If you do not have good bandwidth, you can download and watch it

# Spoken Tutorial Workshops

## The Spoken Tutorial Project Team

- Conducts workshops using spoken tutorials
- Gives certificates to those who pass an online test
- For more details, please write to [contact@spoken-tutorial.org](mailto:contact@spoken-tutorial.org)

# Acknowledgements

- Spoken Tutorial Project is a part of the Talk to a Teacher project
- It is supported by the National Mission on Education through ICT, MHRD, Government of India
- More information on this Mission is available at <http://spoken-tutorial.org/NMEICT-Intro>

# Contributor slide

- **The Library Management System**
- **has been contributed by a leading software MNC**
- **through their Corporate Social Responsibility program**
- **They have also validated the content for this spoken tutorial**
