# Assignment – Angles and Triangles Basics

Draw to verify - Exterior Angle of a Triangle is equal to the sum of the opposite Interior Angles

- Draw a triangle using the 'Polygon' tool

- Extend any one of the sides using the 'Line through two points' tool

- Use 'Angle' tool to measure the exterior angle and the opposite interior angles

- Use 'Insert Text' tool to display the results

- Verify this by using the 'Move' tool and moving the free objects
