

# Material required to construct a Biogas plant

**Talk to a Teacher**

**<http://spoken-tutorial.org>**

**National Mission on Education through ICT**

**<http://sakshat.ac.in>**

**Spoken Tutorial and Rural ICT Project  
IIT Bombay**

**22 November 2015**

# Learning Objectives

# Learning Objectives

**In this tutorial we will learn:**

# Learning Objectives

**In this tutorial we will learn:**

- **The various materials required to construct a biogas plant**

# Learning Objectives

**In this tutorial we will learn:**

- **The various materials required to construct a biogas plant**
- **Area required to construct the plant**

# Learning Objectives

**In this tutorial we will learn:**

- The various materials required to construct a biogas plant
- Area required to construct the plant
- **Site specifications**

# Learning Objectives

**In this tutorial we will learn:**

- The various materials required to construct a biogas plant
- Area required to construct the plant
- Site specifications
- **Number of days required for construction**

# Learning Objectives

**In this tutorial we will learn:**

- The various materials required to construct a biogas plant
- Area required to construct the plant
- Site specifications
- Number of days required for construction
- **The best time to construct the plant**

# Where to procure the materials from?

# Where to procure the materials from?

- **The materials required to construct a Biogas plant can be procured from any hardware and cement shop**

# Materials required to construct a Biogas plant

# Materials required to construct a Biogas plant

- **The materials are required to construct the Biogas plant are the following -**

# Summary

# Summary

**In this tutorial we have learnt :**

# Summary

**In this tutorial we have learnt :**

- **The various materials required to construct a biogas plant**

# Summary

**In this tutorial we have learnt :**

- **The various materials required to construct a biogas plant**
- **Area required to construct the plant**

# Summary

**In this tutorial we have learnt :**

- The various materials required to construct a biogas plant
- Area required to construct the plant
- **Site specifications**

# Summary

**In this tutorial we have learnt :**

- **The various materials required to construct a biogas plant**
- **Area required to construct the plant**
- **Site specifications**
- **Number of days required for construction**

# Summary

**In this tutorial we have learnt :**

- **The various materials required to construct a biogas plant**
- **Area required to construct the plant**
- **Site specifications**
- **Number of days required for construction**
- **The best time to construct the plant**
