IIT Bombay-Spoken Tutorial (ST) Training Status & Implementation as Knowledge Partner to Tilka Manjhi Bhagalpur University

Status till date:
Till Date we have trained participants 6261 from 6 colleges (Att. 1). Colleges and students have accepted the program. (Feedback Att. 2)

Road ahead:
It is imperative now to cover more colleges and more students (remaining colleges – 11 : Att. 3). In addition Faculty/Teachers must avail of MOOCs courses from IIT Bombay-ST as stipulated by UGC/AICTE. Faculty/Teachers will also get benefit from Faculty Development Programs (FDP) during the summer to:

a) Enhance their service record.
b) Learn Technical Skills for their Research/Higher Studies.
c) Be able to demonstrate readiness to train the students.

Expectation from the University:
A) Represent suitable IIT Bombay-ST Software Courses in Syllabus of affiliated colleges
B) Represent suitable IIT Bombay-ST Software Courses in ‘For – Credits’ options.

Support from IIT Bombay:
1) 24x7 support to actively calling colleges identified by university.
2) Expert guidance on Course selection for different departments, Course specific Planning for the semester.
3) The team will also provide brochures, leaflets, posters where necessary. Course specific Expert talk on Skype, Live support where doable on case by case basis.

The IIT Bombay-ST Software Training program enters its 10th year with a track record of having trained over 48 lakh students & teachers in over 5000 colleges covering 75% of India’s districts - exceedingly well. We collaborate with you - Do interact a lot and share with us your thoughts, ideas, suggestions the strong Academics of Tilka Manjhi Bhagalpur University is endowed with.

I, the Training Coordinator for state of Bihar aim to continue to support the university, the colleges and the university departments.

Best wishes,

Pooja Bhawar
